Detailed information about all of the UCRS accredited on-line classes is posted at:
<http://www.enhancing.com/foundational>. This site includes class descriptions, how the classes are delivered on-line, requirements and registration information.

If you are teaching any UCRS accredited classes including the above three, Roots, or Prac I and have students who need to make up a class, the on-line agendas including discussion questions and experiential exercises are available to you as a gift from me. Just e-mail me what lessons you need, and I will e-mail you the web address for those lessons. Then, your students can see the information for that week, answer questions, do the exercises, and give you their responses.
