I have completed the Passover Seder Leader's Guide and I am happy to burn it onto a CD for anyone who would like to have it. My request would be for payment for the postage, CD, case, and the padded envelope to send it to you. My guess is that it would come to about \$6. It will also include a sample Haggadah to use as a guide to make your own for your congregation (that's the booklet that the congregation uses that goes with it). The CD has the 64 page leader's guide that covers this:

#### TABLE OF CONTENTS

1. Staffing
2. Choosing a Date and Creating a Time-Line
3. Funding
4. Equipment and Supplies
5. Meal Planning
6. Ticket Sales
7. Setting Up
8. Music and Dancing
9. Extra Touches
10. Appendix

Sample worksheets

11. Seder Script

If you would like one, please send a check to me to cover the costs. However, I will be happy to cover the cost of anyone who wants one and can't reimburse the expenses. Just let me know.

By the way, Passover is celebrated during the week of April 6-14 this year. But since the Jewish holidays start when the sun goes down, the dates would actually be at

sundown the night before these dates. I have always done it at the Santa Rosa church on the Wednesday night in lieu of the Wed. night service.

This is a celebration of freedom with many New Thought applications! Although our family celebrates the holidays of many faiths, this is our favorite because it is a ritual meal, where each item that we eat represents a part of the story. I'm happy to share it with you.
