**Acknowledgement of Practitioners Present**

Address each by name.

**Introduction to Practitioners**

You have chosen a pathway in Life that is, and ever shall be, rich in interest and fulfilled with beautiful spiritual discoveries. To serve as Professional Practitioner is to lead those who look to you for spiritual guidance into an assurance and an acceptance of the wholeness of Spirit, Soul and Body. For this work you are well prepared.

Your deep understanding of Life's Principle, of human nature, your compassion and warm empathy will be called upon by those who look to you for the living demonstration of our teaching and our practice of spiritual mind healing.

You have been licensed as a Professional Practitioner of the healing methods of Science of Mind, by the authority of United Church of Religious Science. Therefore, it is right and fitting that you pledge your alignment and allegiance to the teaching, the methods and the church in whose name you will perform your healing art.

**Vows**

Do you, therefore, give your unqualified loyalty and support to the United Church of Religious Science, and agree to live by the Principles of this church to the best of your ability?

(I DO.)

Do you agree to abide by the policies and regulations which govern a Professional Practitioner of Religious Science?

(I DO.)

Do you dedicate yourself to faithful meditation and diligent study in order that you may expand the consciousness of your Professional Practice?

(I DO.)

Do you dedicate yourself to do your utmost to reflect at all times the Spirit of Truth?

(I DO.)

Do you commit yourself to absolute confidentiality, keeping inviolate the identity and confidences of those who come to you for help, unless you receive their explicit consent to do otherwise?

(I DO.)

As a loyal and supporting member of \_\_\_\_\_  
(church name), will you uphold and support this church (center) and the United Church of Religious Science through spiritual mind treatment?

(I DO.)

Do you feel in your heart that you are qualified and prepared to serve as a Professional Practitioner of Religious Science?

(I DO.)

### **Charge to the Practitioners**

These vows of dedication which you have assumed are only the outward expression of an inner dedication and consecration to the Indwelling Presence which you have already made. Through this act, you place yourself in a very special relationship to God and to all other people. Your mission is to recognize the deep and abiding harmony at the center of everything; to see through the existing circumstances and affirm the Truth that sets each person free. In the fulfillment of your mission you have the same assurance expressed by the great Master, "It is the Father within who does the work."

### **Blessing**

The Infinite Spirit which empowers you to do all things, also grants you the strength and wisdom to faithfully fulfill these vows. By the authority vested in me as a (Licensed/Ordained) Minister of Religious Science, I celebrate and confirm your dedication as Practitioners of Religious Science.

It is now my privilege to present you with this symbol of the beauty and perfection of your chosen work. (Give each Practitioner a rose and a hug as special music is played.)

### **Presentation**

I/We present YOUR Licensed Practitioners. Take the opportunity to get to know them better."
