**Dedication Service for Practitioners**

By Dr. Vetura Papke, 1986

**Introduction**

Down through the ages there have been those in whom the Light of Divine Love has burned so brightly that they have been willing to work in selfless love and service for others. As Practitioners of Religious Science, this Divine Love shines through you.

Through diligent study and dedicated practice you have prepared yourselves for this high calling. You have been duly recognized and licensed in the United Church of Religious Science. You have voluntarily offered yourself to be used by God in the field of Spiritual Mind Healing; to help lift humankind in consciousness above the experiences of all forms of sickness of mind, body and affairs.

We honor and celebrate you this day for your commitment, for your willingness to be of service, and for your loyalty to the teachings of the Science of Mind.

**Vows**

As a Practitioner of Religious Science, do you willingly rededicate yourself to practice the art and science of spiritual mind treatment?

**(I do.)**

In awareness of your high office and function, will you conduct yourself in conformity with the Code of Ethics for Religious Science Practitioners?

**(I will.)**

As a Practitioner of Religious Science, do you bind yourself to absolute confidentiality, keeping inviolate the identity and confidences of those who come to you for help, unless you receive their explicit consent to do otherwise?

**(I do.)**

Realizing that "The greatest need of a Practitioner is to have a personal experience of God," do you dedicate yourself to the discipline of regular and faithful prayer-treatment, that you may be prepared to meet any condition that may come to you?

**(I do.)**

As a loyal and supporting member of \_\_\_\_\_  
(church name), will you uphold and support this church (center) and the United Church of Religious Science through spiritual mind treatment?

**(I will.)**

### **Acknowledgement of Practitioners Present**

Address each by name.

### **Charge to the Practitioners**

These vows of rededication which you have assumed are only the outward expression of an inner dedication and consecration to the Indwelling Presence which you have already made.

Through this act, you place yourself in very special relationships to God and to humanity. Your mission is to recognize the deep and abiding harmony at the center of everything; to see through the existing circumstances and affirm the Truth that sets all mankind free.

In the fulfillment of your mission you have the same assurance expressed by the great Master, "It is the Father within who does the work."

### **Blessing**

I/We bless you as an instrument of Divine healing.

### **Presentation**

I/We present **YOUR** Licensed Practitioners. Take the opportunity to get to know them better."
