

Subject: Community Outreach -- Denver Radio Program

Submitted by: Jim Chandler

Denver Church of Religious Science

I am proud to announce that last Friday the producer of the Sunday morning radio program we sponsor "Music Beyond Words," has moved from #15 when it started a little less than a year ago, to the #1 Sunday Radio program in our target demographics of 35 to 55 year old listeners.

I have discussed the possibility of syndication with our producer, Marie Michels. If you have a Jefferson Pilot radio station in your area (preferably one which is soft jazz) we should be able to make the program available to you using your own local church sponsorship and Inspirational Message.

If you would like more information, please contact me.
