There is a great resource for building a pre-teen program that is available from the Association of Unity Churches. It is the Uniteen Program Guide, Part 1 and Part 2. These two volumes have everything you could possibly need to know about developing a program for middle school age youth. Part 1 is \$19.90 and comes with a binder and the dividers for Part 2. Part 2 is \$15.95.

The Program Guides are written by Mark Fiske who has served in the Unity movement as a middle school program leader at the Phoenix Unity church and also as a Consultant for middle school ministry. He is an awesome and talented young man. You can order it on-line at www.unity.org. Click on "shop", then "Youth Education" and then "Teen age 11-18 curriculum and resources".
